For Atelier 001 - the Cosmic collection

Verdigris patinated brass and satin brass (other finishes possible - please see last two photos for the PAD London finish)

UK, contemporary

Width: 160 cm Height: 115 cm Depth: 60 cm

Inspired by planet-like shapes and textures, the Cosmic collection plays with both metal properties and a selection of patina finishes. This sculptural ceiling piece sits elegantly in both contemporary and vintage-inspired interiors. Each piece is individually handmade, therefore unique in its own way.
